

JULIAN UNION HIGH SCHOOL DISTRICT

Subject: Healthy Schools Act of 2000

Dear Parent or Guardian:

The Healthy Schools Act of 2000 was signed into law in September, 2000, and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. We intend to use the following pesticide in school this year:

Range Pro

Active Ingredients: Glyphosate n (Phosphonometry), Other ingredients (59%)

You can find more information regarding this pesticide and pesticide use reduction at the Department of Pesticide Regulations website: <http://www.cdpr.ca.gov>.

Parents or guardians **have the option** of requesting prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below to the high school secretary.

If you have any questions, please contact the school secretary.

Sincerely,

Pete McHugh
Superintendent

Request for Individual Pesticide Application Notification

I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this school.

Please print neatly:

Name of Parent/Guardian

Date

Address

Daytime Phone

PLEASE PRINT, SIGN AND RETURN WITH REGISTRATION PAPERS
